LIBRARY REGULATIONS.

I.

The Library will be open every day for the delivery of books (Sundays and legal holidays excepted) from 9 A. M. to 8 P. M. On Saturday the library will be open until 9 P. M.

II.

Any resident of the city of Salem over 12 years of age, shall be entitled to draw books from the library by signing an application and agreement, and complying with the conditions therein contained.

III.

Each person entitled to draw books from the library will be supplied with a card inscribed with his or her name, residence, and register number.

This card must be presented whenever a book is taken, returned or renewed, and if lost it will not be replaced until seven days after notice of the loss is given. Immediate notice of a change of residence must be given at the library. No borrower will be permitted to transfer his or her right to any other person, nor shall any book be loaned to any person not belonging to the household of the borrower.

IV.

For teachers in public or private schools of good standing, teacher cards may be issued, one for each teacher, upon which six books at each time may be taken out for the use of their pupils. These books shall be upon subjects connected with the studies of the school. Teachers shall be responsible for all books so taken, and shall return any such book upon the written notification of the librarian that the book is desired by another person.

V.

The holder of a card is entitled to draw only one volume at a time.

Books may be retained two weeks except those labelled "Seven days book," which cannot be retained more than one week, and cannot be renewed. Books cannot be exchanged the same day they are taken out.

VI.

Books of reference, elaborately illustrated books, and such others as may be unsuited for general circulation, can be used only in the library rooms.

Persons desiring books for use in the library may obtain them by filling out the slips prepared for that purpose.

VII.

A fine of two cents a day shall be paid if a book is kept over time, and no other book will be delivered to the party incurring the fine till it is paid. When a book shall have been retained beyond the prescribed time a messenger will be sent for it, who shall have authority to collect the fine, and an additional fee of twenty cents for such messenger service.

VIII.

Writing or marking in books is prohibited, and all injuries to books beyond reasonable wear shall be promptly adjusted to the satisfaction of the librarian.

If any borrower lose or materially injure a book, paper or magazine belonging to the library or reading room, he shall furnish another copy of the same or later edition, or pay the librarian's appraisement at his option. If the book so lost or injured be part of a set he shall replace or pay for the entire set, and may thereupon receive the remaining volumes as his property.

IX.

Any person abusing the privileges of the library, or violating the foregoing regulations shall be temporarily denied the use of the library, and such person may, in the discretion of the Trustees, forfeit all right to further use of the library.

READING ROOM REGULATIONS.

I.

The reading room will be open every week day from 9 A. M. to 10 P. M., and on Sunday from 2 P. M. to 8 P. M.

II.

All persons above the age of twelve may have free access to the reading room during all regular hours, for the purpose of consulting the books, newspapers and periodicals.

III.

Every person desiring books for use in the Reading Room, shall fill out the slips prepared for that purpose. Before leaving the room the borrower shall return such book or books to the attendant, and shall not under any circumstances take the same from the room.

IV.

All conversation and all conduct inconsistent with quiet and order are strictly prohibited.

V.

All persons violating any of the foregoing rules shall forfeit thereby all right to use the Reading Room.

EXPLANATION.

A complete card catalogue of the library is in preparation. This will contain full entries of every book under author, subject, or subjects, if it treats of several, and under title, when the title does not clearly state the subject. Such a catalogue takes time to prepare, and, if printed, is costly, therefore, following the example of many other libraries, this "Finding-list" has been made, which will be found sufficiently full for most purposes.

It includes all books in the library, July 8, 1889, arranged both under author and under subject. If the author is known, look for his name in the "Author list." If the author is not known, look for the subject in the "Index of subjects," from which reference is made to the page on which books on that subject are found. If the subject desired is not found in the index, look under a similar or more general heading; as, for example, a book on "Earthquakes" will be found under "Geology." Anonymous books are entered under their titles in the "Author list."

Books marked by a *, mostly reference books, are not allowed to circulate, and can only be consulted in the library.

Those with a small j before the call number, are specially suited for juvenile readers.

Books should be applied for on the call-slips provided for that purpose, and great care should be used in copying the call number exactly as it is in the finding list, including the punctuation, but omitting the * or j; as follows: 821-T2; B-EM32; 970.1-D. If the work is in several volumes, the volume desired should be stated.

As new books are added, the titles will be posted in the Delivery room, and will be included in bulletins to be issued as often as necessary.
